This is the summer of love
Tonight the fiesta will come
It's the summer of love

Tonight we live la vida loca
Yes we'll have the time of our lives
A fiesta we'll always remember
Tonight we will taste paradise
Life is sweet and we treasure each moment
Moving closely with me as we sway
For tonight we forget our tomorrow
It's time for the music to play

The temperature's rising
You search the horizon
And there's not a cloud in the sky
So dance, it's the summer of love
Tonight the fiesta will come
One hundred degrees
In the shade of the trees
One more time
Tonight is the night of our lives
De fruta la vida that's right
One hundred degrees
And we turn up the heat
One more time for the summer of love

The night is when friends become lovers
And people are lost in their dreams
Tomorrow the spell may be broken

So celebrate love and be free
The rhythm of life beats within you
Dont' try to resist when it calls
Move closer to me feel the music
Now nothing else matters at all

The temperature's rising
You search the horizon
And there's not a cloud in the sky
So dance, it's the summer of love
Tonight the fiesta will come

One hundred degrees
In the shade of the trees
One more time
Tonight is the night of our lives
De fruta la vida that's right
One hundred degrees
And we turn up the heat
One more time for the summer of love

No we dance in the moonlight
And I see love in your eyes
Look to the stars, make a wish
Don't try to resist
It's the summer of love

Tonight is the night of our lives
De fruta la vida that's right
One hundred degrees
And we turn up the heat
One more time for the summer of love
