I lie awake in the dark of the night
Lost without you
Why didn't I try to put up a fight
For your love
What a fool I was
My very soul was dying
Why wasn't I crying

Turn around turn around
Turn around don't walk away
Turn around turn around
Don't you leave me torn apart this way
Your love means everything to me
Turn around baby

I thank the heavens for sending you down
Here to love me
My very world will stop turning around with you gone
Please don't go
Why did I leave unspoken
The words had left me broken

Turn around turn around
Turn around don't walk away
Turn around turn around
Don't you leave me torn apart this way
Your love means everything to me
Turn around baby

Now the nights don't end
And the rain sets in
And I can't pretend
I'll be alright again
Cos baby no one in my arms
Will ever feel the way you do
And you might be here for me to hold you
If I'd only told you

I'm gonna find you
And this time you won't get away
Cos baby
I know exactly what I'm going to say

Turn around turn around
Turn around don't walk away
Turn around turn around
Don't you leave me torn apart this way
Your love means everything to me
Turn around baby
