I said too much, went way too far
It's only now, now we're apart
That I can see I was wrong
And you're where I belong
So please don't make me cry
I know you don't believe it,
But I really didn't mean it
When I said goodbye.

(When I said goodbye)

I was a fool, now I'm alone
Would you have stayed,
Stayed if you had known
That every thought is of you
Hurt is all I can do
Without you in my life.

I know you don't believe it
But I really didn't mean it
When I said goodbye

I can't bear to watch you fly,

I need you in my life
Don't say goodbye
Let's give love another chance
It used to be that you and me
Was all we needed to know
I can't believe you're leaving
And I can't live my life alone

We've changed so much
And still love remains
Let's work it out,
There's no need to turn the page
You're love is everything
Don't let go, we can win
If we would only try

I know you don't believe it
But I really didn't mean it

When I said goodbye

(Goodbye)

(When I said goodbye)
