You're no angel  
I guess I could say  
I'm done with it, gonna throw it away (I'm living it)  
Got to enjoy and do as I please  
Just say a prayer and get down on your knees

Give it a rest and walk down the street  
You are the best, now I have to agree (I'm living it)  
Do waste my time 'cause my time is free  
Living my life how I want it to be

Say what you want, just tell me  
Do what you feel, just do it  
Stay who you are, it'll be alright  
Say what you want, just tell me  
Do what you feel, just do it  
Stay who you are, it'll be alright

Hold on to me  
'Cause I can't resist your loving arms  
And the thrill of your kiss (I'm living it)  
I can't deny that feeling is strong  
So tell me why did I get it so wrong  
Give it a rest and walk down the street  
You are the best, now I have to agree (I'm living it)  
Do waste your time 'cause your time is free  
Living your life how you want it to be

Say what you want, just tell me  
Do what you feel, just do it  
Stay who you are, it'll be alright  
Say what you want, just tell me  
Do what you feel, just do it  
Stay who you are, it'll be alright

Say what you want, just tell me  
Do what you feel, just do it  
Stay who you are, it'll be alright  
Say what you want, just tell me  
Do what you feel, just do it  
Stay who you are, it'll be alright
