We both know that my heart will never change
And you controlled it to love.
Very slow, but you were going your own way
And I was always wrong - so wrong.

But, Lucy, I love you
Why don't you love me?
I will be waiting
My heart is empty
'Cos you're not with me

We both know that I'm not the one to blame
But, you're too blind to see, Lucy
And every day, I tell myself these things'll change
When you come back to me, maybe

'Cos, Lucy, I love you
Why don't you love me?
I will be waiting
My heart is empty
'Cos you're not with me
I'm still aching

When, Lucy, I see you
I want to be with you
I will be waiting
My heart is empty
'Cos you're not with me
I'm still aching

But, mirror, mirror, on the wall
Should I be afraid?
And, tell me, mirror, what went wrong?
Tell me
Please do tell me

That, Lucy, I love you
Why don't you love me?
I will be waiting
My heart is empty
'Cos you're not with me

I'm still aching

But, Lucy, when I see you
I want to be with you
I will be waiting
My heart is empty
'Cos you're not with me
I'm still aching

Lucy, I love you
When will you love me?
I'm still waiting.
