You're on a trip to Mars
You're a superstar that's who you are, yeah
You're on a rocket ride
To a suicide have you lost your mind, yeah

Everywhere you go now
Everybody knows your name
Anything that you desire
Just a phone call away

You're on a trip to Mars
You're a superstar that's who you are, yeah
You're on a rocket ride
To a suicide have you lost your mind, yeah

Everyone you used to know
Slowly fades away now
Everyone around you
And the scene is all the same

You're on a trip to Mars
You're a superstar that's who you are, yeah
You're on a rocket ride
To a suicide have you lost your mind, yeah

You're a superstar, yeah
You're a superstar, yeah
Have you gone too far? Yeah
You're a superstar, yeah

Now everyone surrounds you
Like a child you get your way
And if I stick around you
You'll be driving me insane

You're on a trip to Mars
You're a superstar that's who you are, yeah
You're on a rocket ride
To a suicide have you lost your mind, yeah

You're a superstar, yeah
You're a superstar, yeah

Have you gone too far? Yeah
You're a superstar, yeah
