I do not hate nor do I love
Bourgeois people
Who fool themselves

They're so surprised
That what they thought
Was a key to their happiness was in fact not

Healing love, bourgeois comfort
Bourgeoisie
They told themselves

"That's it, we've got it"
We've happiness
And they never were so stressed out and unhappy

Healing love, bourgeois comfort
Bourgeoisie
They told themselves

"That's it, we've got it"
We've happiness
And they never were so stressed out and unhappy
