Confuse forms, unleashing of passions
Confuse forms by means of inversion
Emotions carried to the extremes
Orgiastic of chaos of supreme

Has to bring the world's dissolution
In a momentary disruption
Although the moment seems definitive
The urge to escape from time into [Incomprehensible]
time

Opposites in juxtaposition
While the orgy lasts ultimate fulfillment
Timelessness of eternal moment
The beginning, the end, transmutation

Has to bring the world's dissolution
In a momentary disruption
Although the moment seems definitive
The urge to escape from time into [Incomprehensible]
time
