It's alright, 'cause the historical pattern has shown
How the economical cycle tends to revolve
In a round of decades three stages stand out in a loop
A slump and war then peel back to square one and
back for more

Bigger slump and bigger wars and a smaller recovery
Huger slump and greater wars and a shallower
recovery

You see the recovery always comes 'round again
There's nothing to worry for things will look after
themselves
It's alright, recovery always comes 'round again
There's nothing to worry if things can only get better

There's only millions that lose their jobs
And homes and sometimes accents
There's only millions that die in their bloody wars, it's
alright

It's only their lives and the lives of their next of kin that
they are losing
It's only their lives and the lives of their next of kin that
they are losing

It's alright, 'cause the historical pattern has shown
How the economical cycle tends to revolve
In a round of decades, three stages stand out in a loop
A slump and war then peel back to square one and
back for more

Bigger slump and bigger wars and a smaller recovery
Huger slump and greater wars and a shallower
recovery

Don't worry be happy things will get better naturally
Don't worry, shut up, sit down, go with it and be happy

Dum, dum, dum, de dum dum
De duh de duh de dum dum dum, ah ah
Dum, dum, dum, de dum dum

De duh de duh de dum dum dum, ah ah
