Lonely walker humanoid
Listening to forgotten sounds
Tasting smells and colors
Hiking mounts, crossing rivers

Humble biped, you've come undone
You detached the mechanical
Freedom, it inspires
Fusing with your desire

Primal hiker, lonely walker
Rediscovering your own pace
Left here to go elsewhere
Abandon all impatience

Repossess the senses
Impression of freedom
Time doesn't know itself
Has mingle path and dream

Animal survivor
You belong to nature

Repossess the senses
Impression of freedom
Time doesn't know itself
Has mingle path and dream

Animal survivor
You belong to nature

Repossess the senses
Impression of freedom
Time doesn't know itself
Has mingle path and dream
