Unexpected moments  
The most inopportune  
Some see the flesh before they see the bones  
Some see the bones before  
Before they see the flesh

Unexpected moments  
The most inopportune  
Some never see the bones at all  
Some never see the flesh at all  
Some never see the flesh at all  
No never, never flesh at all

To explain, I was made to exorcise his pain

Torn to pieces and  
(Inform them)  
Beyond repair  
Reforging  
Some at easy failure
