I hate to see your broken face  
This world would give you anything

As long as you will want to  
As long as you will want to

I hate your state of hopelessness  
And that vain articulateness  
Your loser type wreck wanna be  
Not a pretty sight really  
In another world it'd be funny

I hate to see your broken face  
A lazy life of fatal waste  
Of fashionable cynicism  
The poison, they want you to drink

Oh no man, that's too easy  
Oh no man, that's so easy

We weren't talking 'bout happiness  
Apply your leading potential  
To be useful to this planet  
The world would give you anything

As long as you will want to  
As long as you will want to

I hate to see your broken face  
A lazy life of fatal waste  
Of fashionable cynicism  
The poison, they want you to drink

Oh no man, that's so easy  
Oh no man, that's too easy

We weren't talking 'bout happiness  
Apply your leading potential  
To be useful to this planet  
The world would give you anything

As long as you will want to

As long as you will want to
