All this violence is puzzling  
Maybe the law should intervene  
All this violence is threatening  
Hate is in need of censoring

Ban hate and violence for our convenience  
Ban hate and violence for our convenience

All this violence is puzzling  
Maybe the law should intervene  
All this violence is threatening  
Hate is in need of censoring

Ban hate and violence for our convenience  
Ban hate and violence for our convenience

Don't we all know the dangers  
Of two conflicting viewpoints?  
An active troublemaker  
Banning the flame of dissent

So much aggravation  
To all haters  
We'll create some laws to stop you  
You're the danger, you really shouldn't be allowed to

They piss on morality  
They detest humanity  
Those savages should be banned  
They're so deeply offensive  
Somebody shut them up

[Incomprehensible]  
They'll still be full of [Incomprehensible] shit  
But it's handy  
We'll blame it on human nature

They piss on morality  
They detest humanity  
Those savages should be banned  
They're so deeply offensive  
Somebody shut them up

We'll censor the hell out of you  
We'll coerce evil out of you  
We'll cut your tongue if we have to  
You're the baddies and we hate you

We'll censor the hell out of you  
We'll coerce evil out of you  
We'll cut your tongue if we have to  
You're the baddies and we hate you
