What becomes of a man mistreated  
So stretchin', been their leader  
Wake up, seen their repeating  
Looking like rain when their shame were needed  
For all of my cons  
Preaching comforts for holding on  
Got a weakness  
Try not to feel it  
Couldn't see it  
Now I can read it  
I guess our time will spare  
(Place, can we go to broke again?)  
Broke the line in the toxic seat  
'Till they just couldn't take anymore than me

'Cos baby, I've changed  
You're walking on black gold of the sun  
You're acting strange (whoo-hoo)  
I am just checking number one

Looking after number one, one, number one  
Yea-heah

Couldn't change your past while it's needed  
Energise, never be defeated  
I (...) say yes, when I see you figure  
Load of thoughts as I'm pulling this trigger  
Couldn't help to pass (then) getting it on  
Couple (...) On and on  
One's written, but another be (a...)  
Sell a dollar for the man not try to...

I'm ready to reign  
'Cos I ain't afraid of anyone  
Stay out of my range  
'Cos you don't know what I have become  
If I'm acting strange  
Well maybe, I'm checking number one  
See baby, I've changed  
I'm walking on black gold of the sun  
Yeah-eah-eah  
Ha-ha-ha

Black gold of the sun  
Yeah-eah-eah  
Whoo-hoo

When I make the gray  
Rise and (fade)  
She's gonna want my money  
Getting' paid  
Walking in shades  
And in shadows of a pray  
Cry when I laugh  
Like to get laid  
Come out my shell  
Disintegrate  
Never look back to the  
Promises made  
Boil to the point  
Of a burning pain  
Fuck what you want  
(... I aint gay) (gay gay gay gay...)

If you can't take a peek  
I think you know the rest  
This is life  
Not a test

We're coming again  
'Cos there's a key break going on  
You thought that I'd fade away  
Well I got news for everyone  
We're ready to rage  
'Cos we ain't hurtin' anyone  
See baby, we're changed  
We're walking on black gold of the sun  
Yeah-eah-eah  
Ha-ha-ha  
Black gold of the sun  
Yeah-eah-eah  
Whoo-hoo

(Black gold of the sun) (2X)
