As the flowers of romance start to fade in the shade of  
the shadows of the mess we made  
I try to laugh but I'm all choked up 'cause there ain't  
nothing funny 'bout breakin' up  
I see you cry but I don't hurt no more 'cause I don't see  
what we're fighting for  
And I'm sad 'cause I know I been bad  
A world full of troubles but I end up getting mad  
But I ain't lost belief, I just can't find no peace  
Maybe you want us to cease to be  
You make it so plain, it ain't no mystery  
You just wanna hang with your own group of friends  
'Cause you can't hide from the fact that this is the end  
So hear what I say, hear what I say, hear what I say,  
hear what I say, hear what I say, hear what I say, hear  
what I say  
Hear what I say, hear what I say, hear what I say, hear  
what I say, hear what I say, hear what I say, hear what I  
say

I hit a brick wall when I tried to explain  
We gotta stop playing all of these games  
I hit opposition when I said something's missing  
You point your finger and say I gotta change  
Now we stand on a bridge over troubled water  
You wanna jump but I know the waves slaughter  
I been through it before you see  
So I recognize that you're testing me  
But now school's over, we ain't rolling in the clover  
You can pull the wool over your own eyes if you wanna  
There's nothing left but a pause, a loose end  
I'm waiting for a sign that you ain't ever gonna send  
I'm sick 'n' tired of being fired up just to defend  
Well, this is the end  
So hear what I say, hear what I say, hear what I say,  
hear what I say, hear what I say, hear what I say, hear  
what I say  
Hear what I say, hear what I say, hear what I say, hear  
what I say, hear what I say, hear what I say, hear what I  
say

You know the time has come

Hear what I say

Hear what I say, hear what I say, hear what I say, hear  
what I say, hear what I say, hear what I say, hear what I  
say

Hear what I say, hear what I say, hear what I say, hear  
what I say, hear what I say, hear what I say, hear what I  
say
