Come on

It just depends how close to ground level you are
It just depends how close to ground level you are (Are)
Can you see the hurt?
Can you see the pain?
Can you feel the rain comin' like a train of thought?

It just depends how close to ground level you are
Whether rain or shine, whether yours or mine
Say, I won't go blind for no Philistine no more
It just depends how close to ground level you are
So get on train of thought, so get on train of thought
Come on, come on, come on
We're sick of seein' poverty (Poverty, poverty)
We're sick of seein' misery (Misery, misery)
We're sick of the fatality (Fatality, fatality)
In every locality (Locality, locality)
Are we just killing time, waiting for a sign?
Like a battle cry or a long goodbye, no, no
It just depends how close to ground level you are
So get on train of thought
It just depends how close to ground level you are

Come on
They'll use you as artillery (Artillery, artillery)
They want you in the milit'ry (The Milit'ry, the milit'ry)
You gotta know your enemy (Your enemy, your enemy)
But we all know the killer be
They act so viciously
Wearin' pure disguise, they camouflage their eyes
All around there's spies, no one realise, no, no
It just depends how close to ground level you are
So get on train of thought, so get on train of thought

We're sick of seein' poverty (Poverty, poverty)
We're sick of seein' poverty (Poverty, poverty)
We're sick of seein' poverty (Poverty, poverty)

Are just killing time, waiting for a sign
Like a battle cry or a long goodbye, no more
It just depends how close to ground level you are

Get on train of thought

Come on
