Walking down the avenue  
I breathe in the air with you  
City lights singing melodies  
Trolley wheels humming harmonies  
We could talk of the autumn air  
Fly to the skies that the angels share  
We could soar in a summer breeze  
Or swim in a sea of fallen leaves  
I don't care what we do  
Just as long as I'm with you

I'll be loving every minute  
Of every day that has you in it  
I'll be loving every minute with you

Let's go to the willow shade  
Let's fall asleep at heaven's gates  
Or run with the river to the sea  
We'll shoot the stars from Saturn's rings  
We'll take a trip from here to the park  
Sit on a bench and have a talk  
Recall all the times we've had  
Laugh at the good  
Forget the bad oh  
I don't care what we do  
Just as long as I'm with you
