I finally found the missing piece
I finally solved the mystery
I finally got what I need
And it's You Yeah Yeah
It's You Yeah Yeah

I finally opened my eyes
You got me to realize
I finally got to see the light
And I like it Yeah Yeah
I like it Yeah Yeah

We had a wonderful time but it's all over for now
Too quickly it ended oh no

But That's ok That's alright
I think I got enough Cause I still feel your love
I'm ok I'm alright
I'm good cause I'm still a little shaken up

I got my cup running over
It's full of love from no other
I'll be satisfied forever
It's because of You Yeah Yeah
Because of You Yeah Yeah

The feel it flowing all through me
It's in my heart down to my feet
Your something something gets to me
And I like it Yeah Yeah
I like it Yeah Yeah
