You don't like them stepping on you
You don't like they make fun of your name
You don't like they tell you what to do
When you just try to fit in and they're all laughing
You're left there standing, don't know what to do

When you feel hurt and afraid
Don't show it bothers you
Don't give yourself away

Eyes keep closing
And your mind's exploding
And your anger's growing, can you

Stand up for yourself, don't be afraid
Watch out for yourself, don't be afraid
Close up your fist, you are not afraid

Don't know how it began, don't know who said it
Don't know who you can trust, are they lying?
It's hard when you pretend that they're not pointing
Their fingers feel like someone's pushing you

When you feel hurt and afraid
Don't show it bothers you
Don't give yourself away

Eyes keep closing
And your mind's exploding
And your anger's growing, can you

Stand up for yourself, don't be afraid
Watch out for yourself, don't be afraid
Close up your fist, you are not afraid

Stand up for yourself, don't be afraid
Watch out for yourself, don't be afraid
Close up your fist, you are not afraid

Don't be afraid
Don't be afraid
Don't run, run, run, run

Feel your eyes keep closing
And your mind's exploding
And your anger's growing, can you

Stand up for yourself, don't be afraid
Watch out for yourself, don't be afraid
Close up your fist, you are not afraid

Stand up for yourself, don't be afraid
Watch out for yourself, don't be afraid
Close up your fist, you are not afraid

Don't be afraid
