Brace for the hit
Is it too late?
Did you wait undiscouraged?
You didn't think

Condescending
Was your thick skin cut too deep?
Stop pretending
Bow your head
Accept your fate

You've come so far
Don't hesitate

You lost your faith
You know, you know
You lost your faith
You know, you know
You lost your faith
Am I hitting on something you hate?
You lost your faith
You know

Did they stick it in your face
Drag you down and humiliate?
Did you change
Try too hard, overcompensate?

Social reject
Was it always like this?
Did you infect?
Bow your head
Accept your fate

You've come so far
Don't hesitate

You lost your faith
You know, you know
You lost your faith
You know, you know
You lost your faith

Am I hitting on something you hate?
You lost your faith
You know

Are you lost undecided
With the more that I say?
I will say this to you one more time
Don't you know that you're bothering me?

You've come so far
Don't hesitate

You lost your faith
You know, you know
You lost your faith
You know, you know
You lost your faith
Am I hitting on something you hate?
You lost your faith
You know
