

Dead 60s, The "Control This"

Ya gotta fight some time
On the dead end line
When your time has come
Don't be crying for another son
There's time to dry your tears
You've got 15 years
Learn your game
They'll never forget your name

Won't you control this
Cos I don't need this

Before you meet your fate
Let's interrogate
Never set your sights
On cashing in the bill of rights
There's time to dry your tears
You've got 15 years
Learn your game
They'll never forget your name

Won't you control this
Cos I don't need this
And won't you control this
Cos I don't need this
