Airwaves scream from the light on the tower
Get my tricks from your eleventh hour
Won't you give me some more
Riot on the radio
Burn it up, set my mind on fire
A talk talk speaker on the end of the wire
And I will cancel it out
Riot on the radio
You know it's turning me on
Riot on the radio

Yow ow ow owwwww

Airwaves beam from the light on the tower
Get my kicks from your eleventh hour
Won't you give me some more
Riot on the ratio
You know it's turning me on
Riot on the radio
Riot! Riot!
Wont you give me some more!
Riot Riot!
