Just a little more  
Just a little more  
Just a little more  
Just a little more

All this time trying to make you mine  
Steals my lines  
Makes it hard to rhyme  
But days goes by like the summer time  
The heat & this beat  
Oh, it's everything & all you need

A little more Rock,  
A little less Roll,  
A little more New ,  
A little less Old,  
A little bit of faith,  
A little bit of trust,

A little bit of never giving up,  
A little bit of you,  
A little bit of me,  
A little less them,  
A lot more we  
Just a little more us.  
Just a little more us.  
Tonight

Close my eyes,  
Try to make a wish  
To cross your kiss off my bucket list  
Here's the break  
replay 8 oh 8.  
You'll see baby,  
That I'm everything and all you need.

A little more Rock,  
A little less Roll,  
A little more New,  
A little less Old,  
A little bit of faith,  
A little bit of trust,

A little bit of never giving up,  
A little bit of you,  
A little bit of me,

A little less them,  
A lot more we  
Just a little more us.  
Just a little more us.  
Tonight

You're all I dream  
Makes me insane  
Cause you're not mine  
I'll take you to school  
I'll want to tease you  
Just exactly as I do

Just a little more us,  
A little more Rock,  
A little less roll,  
A little more new,  
A little less old,  
A little bit of faith,  
A little bit of trust,

A little bit of never giving up,  
A little bit of you,  
A little bit of me,  
A little less them,  
A lot more we  
Just a little more us.

A little more Rock,  
A little less roll,  
A little more new,  
A little less old,  
A little bit of faith,  
A little bit of trust,

A little bit of never giving up,  
A little bit of you,  
A little bit of me,  
A little less them,  
A lot more we  
Just a little more us.  
Just a little more us.
