Every day gets a little bit better
When it starts with you
I don't care about the weather
If it's pouring rain (if it's pouring rain)
I know it sounds insane (I know it sounds insane)

But, I never thought a dream could come true
'Til the day, the day I met you (you)
Yea you, you
So, who cares if this is too fast
Cause I think it could last

If you kiss me in the morning
Say you're mine
I can make it through the day alright.
If you leave a little lipstick on my mind
I'll be fine, I'll be fine
And if I was a million miles away
I'd try to make it back to you each day
So kiss me in the morning
Leave a little warning
Telling me to hurry back, please hurry back tonight.
(Hurry back, please hurry back tonight)
(Hurry back, please hurry back tonight)

Every word that you say sounds sweeter than a
symphony
And I can't believe that it's happening to me (that it's
happening to me)
I want everyone to see (everyone to see)

But I never thought a dream could come true
'Til the day, the day I met you (you)
Yea you, you
So, who cares if this is too fast
Oh, cause I think it could last

If you kiss me in the morning
Say you're mine
I can make it through the day alright.
If you leave a little lipstick on my mind

I'll be fine, I'll be fine
And if I was a million miles away
I'd try to make it back to you each day
So kiss me in the morning
Leave a little warning
Telling me to hurry back, please hurry back tonight.

Cause I'm coming for you
I'm making my move
I'll be there soon
(Hurry back, please hurry back tonight)
Cause I'm coming for you
I'm making my move
I'll be there soon
(Hurry back, please hurry back tonight)

If you kiss me in the morning
Say you're mine
I can make it through the day alright.
If you leave a little lipstick on my mind
I'll be fine, I'll be fine

If you kiss me in the morning
Say you're mine
I can make it through the day alright.
If you leave a little lipstick on my mind
I'll be fine, I'll be fine
And if I was a million miles away
I'd try to make it back to you each day
So kiss me in the morning
Leave a little warning
Telling me to hurry back, please hurry back tonight.

Hurry back, please hurry back tonight
(Leave a little lipstick on my mind)
Hurry back, please hurry back tonight
(If I was a million miles away)
Hurry back, please hurry back tonight

If you kiss me in the morning
Leave a little warning
Telling me to hurry back, please hurry back tonight
