The words me & you never ever sounded so cool  
The words me & you never ever sounded so cool  
You're so so sweet  
You're making my teeth hurt girl  
You're making my lips work girl  
I'm thinking I should tell you that

It takes a girl like you  
To turn my head into  
A pop song sung way out of tune  
It's just you du du du du du du

Baby, you're my rocky road  
My mint chocolate chip and more  
It's like a cavity for sure  
Here's the scoop  
Taste the truth  
The words me & you never ever sounded so cool  
The words me & you never ever sounded so cool

You're so so sweet  
I've been losing sleep all week girl  
I've been tripping over my feet girl  
Thinking I should tell you that

It takes a girl like you  
To turn my head into  
A pop song sung way out of tune  
It's just you du du du du du du

Baby, you're my rocky road

My mint chocolate chip and more  
It's like a cavity for sure  
Here's the scoop  
Taste the truth  
The words me & you never ever sounded so cool  
The words me & you never ever sounded so cool

Cuz she knows just what to say  
To brighten up my day  
Make me feel ok

Cuz she's all of the above  
Exactly what I'm dreaming of  
I keep losing my footing and stumbling and falling in  
love  
Love, love

It takes a girl like you  
To break my heart into  
A million pieces without a clue  
It's just you du du du du du

Baby, you're my rocky road  
My mint chocolate chip and more  
It's like a cavity for sure  
Here's the scoop  
Taste the truth  
The words me & you never ever sounded so cool  
The words me & you never ever sounded so cool
