You look nice from a distance.
Several meters away.
You are all so cute when you fade to gray.
Get your face out of my face.
You are blocking the view.
I want to get to know the other side of you.
How can I, how can I, how can I dream of you when
you're always with me.
When you stay, when you stay, when you stay everyday
by my side.
Every night, every week, every month, every year for a
whole life long.
Go away, go away, go away stop wasting my time.
Make me some distance, some tracks.
Vanish into thin air.
Show me how you'd look when you're no longer there.
Being with you was a pleasure.
I will remember forever.
Without you wasn't, but either may be even better.
How can I, how can I, how can I dream of you when
you're always with me.
When you stay, when you stay, when you stay everyday
by my side.
Every night, every week, every month, every year for a
whole life long.
Go away, go away, go away stop wasting my time.
"FRENCH LYRICS"
Send me a photo of you.
Maybe a postcard or two.
If I remember, I'll cry, it's over Bye Bye.
How can I, how can I, how can I dream of you when
you're always with me.
When you stay, when you stay, when you stay everyday
by my side.
Every night, every week, every month, every year for a
whole life long.
Go away, go away, go away stop wasting my time.
