All these years I've looked for something to look back
to,
To make her laugh, to she'd the tear
That's been locked up for years.

And I know this might sound
Like I'm screaming out for help,
But every single time you said the line:
"I promise you" I know that you lied.

Don't kiss this goodbye
I wish that I would of waited for you
I'm waiting for you.
And don't kiss this goodbye
I wish that I would of waited for you
I'm waiting for you

Wait for rain on driveway pavement
And I'll be there
(I'll be there)
Singing you your favorite song
Singing you your favorite song (you your favorite song)

Cancel the magazines (cancel)
Let's keep these feelings safe.
Already got their issues
And they're due for an update
Step off (step off)
Let's conversate (conversate)
Take a second for a breath,
We've got forever to say:

Don't kiss this goodbye
I wish that I would of waited for you
I'm waiting for you.
And don't kiss this goodbye
I wish that I would of waited for you
I'm waiting for you.

Wait for rain on the driveway pavement
And I'll be there
(I'll be there)

Singing you your favorite song
Singing you your favorite song (you your favorite song)

Your favorite song

Wait for rain, oh (x6)

Wait for rain on driveway pavement
And I'll be there
(I'll be there)
Singing you your favorite song,
Singing you your favorite song (you your favorite song)
(Repeat)
(I'll be there)

Wait for rain, oh
Yeah wait for rain, oh
Yeah wait for rain
I'll sing you your favorite song.
