All my life people telling
Me just who I am
They don't wanna know
They don't really understand

So many people trying
To tell me to be practical
Only think that I am undimensional
But I can feel it
There's a raging fire underneath
Running through the pages
Here I am comin clean
I'm sick of lyin to myself gotta live the truth
And now I got to do what I got to do

This is where I should be
There's ain't no other place, yeah
Where my soul really speaks
There ain't no other way
I can feel it save me, move me, shake me
Gotta go where the music takes me
Let it set me free
You got to believe

Is there a crime, to just be who I wanna be
I need some space so that I can chase all my dreams
Cause when I hit the stage anything is possible
I get lost in the song and that it's magical

So crank it up feel the rush
Then just turn me lose
I wanna feel the inspiration
That is coming through
And there's no other place
Where I feel so alive
When I Start to sing
You just can't deny
This is where I should be
There's ain't no other place, yeah
Where my soul really speaks
There ain't no other way
I can feel it save me, move me, shake me

Gotta go where the music takes me
Let it set me free
You got to believe

When everybody's gone
And I'm here all alone(I don't got to hide, I don't got to
try)
You've got to understand that this is who I am
And it's where I shine
And it's where I shine

I know, this is where I should be
There's ain't no other place, yeah
Where my soul really speaks
There ain't no other way
I can feel it save me, move me, shake me
Gotta go where the music takes me
Let it set me free
You got to believe

This is where I should be
There's ain't no other place, yeah
Where my soul really speaks
There ain't no other way
I can feel it save me, move me, shake me
Gotta go where the music takes me
Let it set me free
Let it set me free
Let it set me free
You got to believe
