[Verse 1:]

So many girls want to holla
But I can't seem to find the right one
Everytime I think I got her
She starts playing games or doing something to turn
me off
But I've come to this conclusion
Being a player is the solution
Till a Shawty come along and make me stay home and
give the world to her

[Bridge:]

She Can be so beautiful
But half the night she's against the wall
She can even cook and wash clothes

It gets too emotional

[Chorus:]

That's why

One love

Girl I'm trying to find one
On the search I'm trying to find one
Sumone that I know can hold me down

That's what I need is one love
That's what I need is one love
I'm searching for that one

[Verse 2:]

Now every night I come across
A nice girl and we hit it off
We might spend some time together
Baby gave me pleasure
She was down for whatever
And outta nowhere she started trippin'
She got on the phone with all her women
And I'm on the road handling buisness
And she thinks I'm pimping

And freaking with other women

[Bridge:]

She Can be so beautiful

But half the night she's against the wall

She can even cook and wash cloth
