Yeah, yeah, come on.
Woah-oh, woah-oh, oh!
See, sometimes you gotta
Fight for the one you love.
Some people don't let you know.
This is gonna let you know.

[Verse 1:]

I'm not patiently waiting.
Fellas tryna get in my way.
I'm so anxious.
Tryna figure out how I'm gonna get to you.
See, girl, I'm tellin' you there's no other dude,
That can do what I do, oh, girl...
I'm workin', tryna figure it out.
Now, you know what I'm talkin' about.
Already a better me, a better love.
But, about you and me? A better us.
You know...

[Hook:]

I ain't tryna play the sidelines no more.
Tryna get the keys to your door.
Whatever you need, girl, I'm a be.
Just to get you right next to me...

[Chorus:]

I can't stop.
I can't breathe.
I think that I should let you know.
I can't stop.
I can't breathe.
I think that I should let you know.
Runnin' [x4] back to you, girl.
Runnin' [x4] back to you, girl.
Runnin' [x4] back to you, girl.
I think that I should let you know.

[Verse 2:]

Baby, I know that I can't get right.
What if I met you in another life?

We could be together.
There can be no other.
What if it's all about me and you?
Now, think about it. Aye, aye.
Now, be about it.
I've searched my whole life for the perfect move.
Baby, what should I do?

[Hook:]

I ain't tryna play the sidelines no more.
Tryna get the keys to your door.
Whatever you need, girl, I'm a be.
Just to get you right next to me...

[Chorus:]

I can't stop.
I can't breathe.
Girl, I just gotta let you know.
There's no 'whole' without 'we'.
Girl, I just gotta let you know.
Runnin' [x4] back to you, girl.
Runnin' [x4] back to you, girl.
Runnin' [x4] back to you, girl.
Girl, I just gotta let you know.

[Bridge:]

Tell me, what should I do
Just to get close to you?
Now, tell me, girl. [x4]
Now, tell me what should I do
To get back with you?
Now, tell me, girl. [x4]
Woah-ohh, oh yeah.

[Chorus:]

I can't stop.
I can't breathe.
I think that I should let you know.
I can't stop.
I can't breathe.
I think that I should let you know.
Runnin' [x4] back to you, girl.
Runnin' [x4] back to you, girl.
Runnin' [x4] back to you, girl.
I think that I should let you know.
Runnin' [x4] back to you, girl.
Runnin' [x4] back to you, girl.
Runnin' [x4] back to you, girl.
I think that I should let you know.
