[Big Ed]

I guess it's true what they say, opposites attract  
You won seven diplomas and placks, and I was pulling  
jacks  
Never knew our two worlds would collide  
Go inside, to see my future in front my very eyes  
You walk that walk, talk that talk  
But witnessed that your bite is as real as your bark  
I swear I'll never mess over you  
Treat you like a queen is what real soldiers do  
And I'ma honor that, you got a problem where's the  
drama at  
I got a duffle bag filled with macs, ready for combat  
And nothing hurts you, girl I got you  
God sent me down as an angel to watch you, for real  
though

(Chorus: TC)

Me and you, forever I'm in love with you  
Never thought it would come true  
That I ain't met too many men like you  
You and me, together in eternity  
Only if the world could see  
How much you really mean to me

[Big Ed]

I saw unite as one, never knew being in love could be  
this much fun  
September 24th, gave birth to my son  
97 god came when his life begun born out of triple  
darkness  
360 degrees is what we'd teach him  
Have him decipher die unless he's trying to reach him  
Pegonistic holidays is trying to preach him  
Paying attention except for tied, trying to leach him  
I can yell it means soldier  
You chose a name of strength so it could shake you  
and mold you  
And you's a perfect mother, his first teacher  
Elevate your mind to a higher plain and he will meet  
you

(Chorus)

[Big Ed]

How much you mean to me, you mean the world  
Head strong like Oprah but in a scent like a little girl  
That's why I hover over you  
Making sure that these ill streets, could never harm you  
So here, take this lady smith and wessin  
Bust first later for questions no second guessing  
Just make it home to me, I'll make it home to you  
Bust, scratch, fight, do what you got to do  
Cause the plan is to grow gray together  
Heart to heart we could make it through any stormy  
weather  
Thanks for being right there, I'ma be right here  
Forever and true, have no fear

(Chorus - 2x)
