Met her on the corner, I was wearing my necklace,  
Asked her if it was cool with her, I would like to kick it.  
She said oh good, so I walked her back home,  
She still nothing going on like fucking with her  
She knows how to talk to me, knows how to relax my  
mind,  
Well, it ain't acting love, she works every dime.  
No matter where I go, imma keep her by my side  
I rather die, bitch, I love that girl for life, like  
Oh, oh, I love the girl, I love the girl.  
Oh, I love that girl, love that girl.  
Oh, I love the girl, love the girl.

I'm fucking with two girls at the same damn time,  
I told you about the first girl in my life,  
Two girls at the same damn time,  
I need her most to get by, yeah.

We were introduced right in Tampa campus,  
And my home girls don't run, we was all relaxing.  
She asked me about you, I said I never met her  
All played the game and said still I never met your.  
Damn, girl, you and I, you, I was getting right,  
One think that I ain't like is you 'bout the party life.  
Fuck around with you had me fucked up in the  
morning,  
But it's something about that love, girl, that always  
keep me going.  
Like oh, oh, I love the girl, love the girl  
Oh, I love the girl, love the girl,  
Oh, I love the girl, love the girl.

Two girls at the same damn time,  
I ain't need more in my life.  
Two girls at the same damn time,  
Need them both to get by.
