Oh oh oh oh  
Listen  
You don't even call anymore  
It's so different from the way that it was before  
Everyday I hear your pretty voice  
I have no choice but to be all alone without you (ooh  
ooh)  
There's so many mistakes we make in love (love love)  
But I'm thinking this is something we can solve (we can  
solve)  
I'll take all the blame for breaking your heart  
But you can't let it tear us apart

Because she didn't mean anything to me (no)  
She wasn't the one I see in my dreams (dreams)  
You know that it's true  
If you believe, please accept my apologies

I didn't mean to hurt you girl  
I didn't see myself settling down  
But I knew from the first time you came around  
From the moment I looked into your eyes  
I never wanted to see you cry over me  
But I knew if we got serious in love (love, love)  
We would never ever wanna break it up (never wanna  
break it up)  
I wasn't begging for you until this day  
Would you believe me when I say (that she)

She didn't mean anything to me (oh no)  
She wasn't the one I see in my dreams (dreams)  
You know that it's true  
If you believe, please accept my apologies

I'm sorry baby (baby)  
She didn't mean anything to me  
She wasn't the one I see in my dreams (oh)  
You know that it's true  
If you believe, please accept my apologies  
Baby hmmm yeah (oh oh oh)

Please accept my apologies  
(I'm sorry baby)
