I just don't know how to act right in this
No I ain't good at saying goodbye
I wish I knew the right words to speak
What can I do to ease your mind?

Oh darling don't you cry
In my heart you are safe
But let me find a safe place for my heart

I wish I could be there to hold your hand
As you're fighting along their shady streets
Promise me you'll protect your graceful smile
You see I doubt that they were built for you and me

Oh, don't, don't you cry
In my heart you are safe
But let me please find a safe place for my heart

Oh, dry your eyes
I wish your love would do
But I just can't live without chasing the truth

One last time your sweetness slides up my nose
Yes I am miles away but I see your lovely face
You're smiling at me you seem to know
That our precious moments can't be erased
