I thought I had it all  
Figured out  
But these days  
I just don't know

Some things are meant to last  
But when they don't  
You're left there  
To pick up the pieces

But something's changed  
Is changed

'Cause I'm better now  
That i don't listen to your every word  
But the sun is fading  
And I'm lonely now  
That you've left me here all alone  
On my own

I'm watching seconds pass  
I'm looking back  
At the distance  
We travel together

Don't think of it like that  
As a waste of time  
It didn't kill it  
So we gotta be stronger

And something's changing  
Is changing  
It's not too late, too late

'Cause I'm better now  
That i don't listen to your every word  
But your sun is fading  
And I'm lonely now  
That you've left me here all alone  
On my own

I need a cure

I need a fix  
I need a remedy

I wanna jump  
I wanna fall  
To see what catches me

I'm begging for release  
But heaven keeps me waiting

'Cause I'm better now  
That i don't listen to your every word  
But the sun is fading  
And I'm lonely now  
That you've left me here all alone  
On my own

I'd rather live with,  
I'd rather be with you (x2)

I'd rather be with you  
I'm better now  
I'm better now  
But I'm better now  
But I'm better now
