(2X)

[Delite]

Scorpio, and my name is Delite

And the lady that I like

Is one with a classy feel of warmth and sensitivity

Who will be my everyday sunshine

Even on a cloudy day

So if you fit this plan

Grab my hand

And try to understand

From the instant moment I saw your face
You can best do believe my heart began to race
The playboy died and soon I realized
I was stunned by love when I looked into your eyes
Wishful thinkin, wishin you was right here
I'm on fire, I want to hold you near
Your lips are wet and your skin is soft
So let's allow this love to take it's course
Float on, girl

Float on

[Fruitkwan]
Peace
My name is Fruitkwan
And my sign is Virgo
Now what I love in a woman
Is treatin you in a royal manner
For you are queen of royal beauty
That deserves words of treasure
As soon as you come home
I greet you by sayin

Peace queen, your glow is so sweet
You feel so good, you look so unique
And girl, if there's a problem that's too difficult
Fruitkwan, I got the final result
For livin, see
By fulfillin each other's need
My love for you grows, queen, hear my plea
Cause you're my first-place prize
It's all about me and you, don't cry
Float on

[Wise]
Now my name is Wise
And I'm a Leo
And I like a woman
With a realistic imagination
A woman that thinks for herself
Whose thoughts are bold and free
And girl
In your deepest thoughts
This is the key

So just close your eyes, picture the love of your dreams

So listen up, young ladies, this is what I mean
If it's lovin you need to fulfill your blues
Wise Supreme Love is my name to you
The quality you'd expect, it couldn't be beat
Cuddliness you'll always have from me to you, my
sweet
With the best of respect, hugs, kisses and charm
Girl, you'll have so much love, you'll float on

[Force MD's]
Float (float)

[Force MD's]

Float on

Float (float)

Float on

Float on

Float on

[Daddy-O]

Pisces

And my name is Daddy-O

And I like the kind of girl

That loves to get away

You know

Like long trips, weekend cruises in far away places

And if I had my choice

Girl, we'd be in a land of our own

Just think of a land, a lovely land

And in that land I'd take your hand

And walk the shores of love evermore

And ride the waves of life's better days

We'll make a stop every now and then

To enjoy the breeze of the blowing wind

We'll explore what's deep within

And I won't stop till you say when

So float on, girl

[Force MD's]

Float (float)

Float on

[Daddy-O]

With Daddy-O you float on

[Force MD's *continued through the next verse*]

Float on

Float on

[Daddy-O]

A romantic cruise, our hearts we gave

You were the ship, girl, and I was the wave

Passion intense and love undefined

I give you the world just for you to be mine

Pleasure and pain, like a hand in glove

I'm Daddy-O, girl, I'm no stranger to love

But this I confess, in others words I'll imply

That a man can be strong but best believe he can cry

I can't help but think about it, it's the way i feel

A tear may roll down my face because my love is for
real

And the love that we share, the moment we embrace

And yes, I knew it was true by the look on my face

Cause the harder the stroke, the higher the love floats

Passion so strong that, girl, it ain't no joke
Some people may say I sing the same old song
But like a ship in the night, you float on

[Force MD's]
Stetsasonic float on

Float on
Float on

Take my hand and fly away

Float on
Float on

Take my hand and fly away
