Listen up, I feel a little drunk
Let's speed up the drums and create dirty funk
DJ spinnin' it, whole clubs diggin' it
Diggin' the dirty funk, I'm singin' it

One for the women, holding VK
One for the fella who felt he had to pay
I say, I'm feelin' it, feelin' the dirty funky

Stuff that we're dealin' with
Well, I hope you brought your game shoes
'Cause this dirty funk's what we're gonna have a rave
to

'Cause it's dirty funk, it's up and away
And we turn up the drums and have a little rave
When the night turns into today

The funk don't stop, it just moves away
To another place and they rave, they rave
The dirty funk, woh oh

Picture this, a whole club rockin'
It's Friday night and the beats aren't stopping
It's actually Saturday, we don't clock it
'Cause we're too busy havin' a rave or head boppin' it

One for the women sippin' gin and tonics
I thought I was on it but this girl had a boyfriend
He came over like, "Bruv, that's my girlfriend"

I was like alright mister, pipe down, pipe down
There's no need to go and have a fight now
Well, maybe later, 'cause right now

It's the dirty funk, it's up and away
And we turn up the drums and have a little rave
When the night turns into today
The funk don't stop it just moves away

See me sippin' on vodka, Red Bull
Got to do dance 'cause that's what my heart says

Rave it up, dirty funk in the mix
Pull out my dance moves and other dirty tricks

'Cause I know, I know you'll be raving it up
And I know, I know you'll be lovin' the funk
Up jump the beats slam down the guitars
Everybody point to the stars

'Cause it's dirty funk, it's up and away
And we turn up the drums and have a little rave
When the night turns into today
The funk don't stop it just moves away

To another place and they rave
They rave, yeah, ooh ooh
They rave, yeah, yeah
