Cuz everywhere you go
You'll be loved and remembered
Bringing some heat in the cold of December
I recon it's my turn to say
I be there for ya

But every time I try my effort gets ended
And by this ~~Ã¢â€š~~ I was defended
I recon it's you turn to say
I'm sorry for this mess I made

Say Hi to my little girlfriend
Miss Great Britain knows she's a hot rod
Say Hi to my little princess
She don't drive cuz she's gonna ride a shotgun
Say Hi to my little girlfriend
Forgiven for anything she does
But just say Hi to this young lover, mamma
I've got a girl who knows she's a stunner.

So take a step back and admire that beauty
Bubblegum kisses
She could be my misses
Ambitious what you feel that this is
Only nineteen
Got my first twenty wishes
woohooohoo
She's one of them
But I guess it gets a little troublesome
Miss flirty but it don't hurt me
Cuz I know shes mine

So come

Say Hi to my little girlfriend
Miss Great Britain knows she's a hot rod
Say Hi to my little princess
She don't drive cuz she's gonna ride a shotgun
Say Hi to my little girlfriend
Forgiven for anything she does
But just say Hi to this young lover, mamma
I've got a girl who knows she's a stunner.

Stevey Appleton is the name
Holding hands with this honey from memory lane
Through the thick and the thin
the sun and the rain
We still kick back and sit back
And entertain
You bet all the other guys I knows she gets me
I get butterflies every time she texts me
I wanna scream it from the top of the black so loud.
I see the windows scatter from the shock of the sound

Say Hi to my little girlfriend
Miss Great Britain knows she's a hot rod
Say Hi to my little princess
She don't drive cuz she's gonna ride a shotgun

(Instrumental)

Say Hi to my little girlfriend
Miss Great Britain knows she's a hot rod
Say Hi to my little princess
She don't drive cuz she's gonna ride a shotgun
Say Hi to my little girlfriend
Forgiven for anything she does
But just say Hi to this young lover, mamma
I've got a girl who knows she's a stunner.

(Say Hi) to my little girlfriend
(Say Hi) to my little baby
(Say Hi) to my little princess
I'm a man and know she's my lady
(Say Hi) to my little girlfriend
Forgiven for anything she does
But just say Hi to this young lover, mamma
I've got a girl who knows she's a stunner.

She's a stunner yeah
She's a stunner yeah
