some guy tried typing them down and they were totally
wrong so i thought i would change them the bits he got
wrong

this isnt the song, this is

And To the Dragon

I was just kicking out some karate kicks

With some tantalising lyrics

Say this one to all lyrics lovers

We all known

Make some noise

Do you really like it, do you really like it

We're lovin' it, lovin' it, lovin' it

We're lovin' it like this

Do you really like it, is it, is it wicked

We're lovin' it, lovin' it, lovin' it

We're lovin' it like that

Hardcore, you know the score

Rhymes so good I deserve an encore

All about style we bring

We make you laugh like you was a little child again

Smooth, that's how I roll

I've got so much soul, I wanna step into the party

I wanna move somebody

I wanna move somebody

Play the masters of the ceremony

What does it take to be a garage mc

Personality

Originality

On the microphone they got to be

The capital U.N the K.N.O get down

Represents our London town

Pied Piper's on the decks

Rock the disco people I'm back in a sec

This one's for the heads out there

Party people can you hear me clear

If you like it let me see your hands in the air

If you don't, y'all get the hell out of here

Bass is kickin', drums is drummin'

When you hear "di-di-di" I'm comin'

Sharky represents the west of London

DT Piper, Melody and unknown

Represents the rest how reflex

North South East West

We're lovin' it, lovin' it, lovin' it

We're lovin' it like this

We're lovin' it, lovin' it, lovin' it

We're lovin' it like that

DT Melody, Sharky, P, enough to make you rock

Sing we come to sing

And dance 'til we drop

Do you really like it, do you really like it

We're lovin' it, lovin' it, lovin' it

We're lovin' it like this

Do you really like it, is it, is it wicked

We're lovin' it, lovin' it, lovin' it

We're lovin' it like that

Oh how you like my

how you like my

how you like my style

Do you really like it, do you really like it

We're lovin' it, lovin' it, lovin' it

We're lovin' it like this

Do you really like it, is it, is it wicked

We're lovin' it, lovin' it, lovin' it

We're lovin' it like that

Oh how you like my

how you like my

how you like my style

On your marks get set lets go

Five four three two one zero

get on, jump, and do the limbo

check we go, check we go, check we go , blo

ain't you in this sound

you you really want to get down

hit that mix

hit tht blend

.....not sure now

jump, dont ever stop with a little bit of this little bit of
that

jump, dont ever stop with a little bit of this little bit of
thatx3

Hit 'em with the fun

Hit 'em with the jokes

Hit 'em with the jinx

Hit 'em with the smoke

Jump, all the ones and two's

Let's go, let's go

Do you really like it, do you really like it

We're lovin' it, lovin' it, lovin' it

We're lovin' it like this

Do you really like it, is it, is it wicked

We're lovin' it, lovin' it, lovin' it
We're lovin' it like that
