Song by Goldfinger

There's people who get away with what you're trying to
do

But I see we might not have your luck
There's people who take away what I don't have to give
And maybe that's still not quite enough

So how can you say what we have done has been
misguided?
And how can you say that you're the judge?

Don't you let me down this time
I know you can carry that weight

Please try and understand the reasons why
I'm trying to explain, now gimme some reply

So, baby, we're walking in the dark
So, baby, we're guessing between the light
I'm taking all I've had, place in my bag
I'm taking my chances

Don't you let me down this time
I know you can carry that weight

Please try and understand the reasons why
I'm trying to explain, now gimme some reply

Like walking in the dark, please realize and try
And understand, now gimme some reply

So try and understand the reasons why
I'm trying to explain, now gimme some reply
