Papa bear sneaking in 2am  
mom fast asleep doesn't wait up for him  
last night, he came at the same time  
he locks the door walks back in the dark  
whispers a prayer that the dogs won't bark  
he hides his other life

oh....it's another lie set into motion  
oh....he lays back, can't rest, secret on his chest

whoa....look at what you turned into  
scared of the morning  
it's a beautiful day for bad news  
whoa....even when the sky turns blue  
you would see a warning  
a beautiful day for bad news  
beautiful day for bad, bad news

and that stain never came out of the floor  
neither did the red on the collar he wore  
she knew, smelled that perfume  
oh and momma bear huffing and she's ready to fight  
who's been sleeping in your bed tonight  
he looks her straight in the eyes

oh....it's another lie set into motion  
oh....he blows it off but he can't rest, truth weighs on his  
chest

man and a woman  
tree in a garden  
perfect when it started  
over time yes it fell apart  
the truth rings out like a crowd of people and  
innocence louder than cars on the street  
love hears when pain is deafening  
it's not too late
