"Looking at the Invisible Man"

I'm the invisible man
I'm like a broke down engine
No mouth, no hands

No skin on my bones at all

You're looking at me
Like you know what you're talking about
Ain't nothing to see
Wave your hands in the dark woman
You're looking at me
Like you know what you're talking about
Ain't nothing to see
You can't hit me
You can't hit me

I'm the invisible man

I'm like a newspaper
You can't read

You look like you know what you're talking about
Like you know what you're talking about
Like you know what you're talking about
There ain't nothing to see
There ain't nothing to see
You can't hit me
You can't hit me
