Share it, it's in your soul so bear it
It's on your sleeve so wear it
And wave it wide and high

Do it, just sail on strictly through it
Just like there's nothing to it
As if you'd wings to fly

I'm in love, I'm in love, I'm in love
love with a long-lost friend
I'm in love, I'm in love, I'm in love
love
And I can't say where and I don't know
when
But she will be mine in time

Duly I tug a war with Julie
But now I can't stay truly
And what's my reason why?

I'm in love, I'm in love, I'm in love
love with a long-lost friend
I'm in love, I'm in love, I'm in love
love
And I can't say where and I don't know
when
But she will be mine, in time

We look out the window, we both see the same thing
Flagpole bangin' chain and little wind blown
bits of spring
We walk through a doorway, she will more than wear
my ring
We look out the window and we both see the same
thing

Children feel safe inside a building
Be careful what you're wielding
Your wrecking ball goodbye

I'm in love, I'm in love, I'm in love
love with a long-lost friend

I'm in love, I'm in love, I'm in love
love
And I can't say where and I don't know
when
But she will be mine in time

Share it, it's in your soul so bear it
It's on your sleeve so wear it
And wave it wide and high

I'm in love, I'm in love, I'm in love
love with a long-lost friend
I'm in love, I'm in love, I'm in love
love
And I can't say where and I don't know
when
But she will be mine, in time, time

Wave it wide and high
Wave it wide and high
Wave it wide and high
