Samson and Delilah's beauty shop  
Hey there baby let your long hair drop  
Samson and Delilah's beauty shop  
Hey you there baby let your long hair drop

Well I'ma ease your mind  
Tell you where to find the best salon  
Oh, past the local liquor store  
Quarter of a mile beyond

They bigin to whirlin' and the curlin'  
And twirlin' your hair  
You can be believein' you'll be happy whey  
Your leavin' from there

Samson and Delilah's beauty shop  
Hey there baby let your long hair drop  
Samson and Delilah's beauty shop  
I said "Hey you there baby let your long hair drop"

Donna gonna graduate  
Katie's got a date alright  
Oh, S&D's guarantees they're  
Gonna look their best tonight

If you make appointments early  
And they'll never leave you in no lurch  
Oh, S&D's guarantees  
You're lookin' mighty nice for church

'Cmon  
Samson and Delilah's beauty shop  
Hey there baby let your long hair drop  
Samson and Delilah's beauty shop  
Hey baby let your long hair drop

Say, Mrs. Hayes highest praise  
Is something very hard to win  
She won't show her face  
In anybody else's place again

Well a while ago Mr. Cole  
Would never even step inside  
But now you know it is so  
He even gets his gray hair dyed

Right down at  
Samson and Delilah's beauty shop  
Hey there baby let your long hair drop  
Samson and Delilah's beauty shop  
Baby let your long hair drop, drop

You sittin' and contemplatin'  
Waitin' on your hair to dry  
Readin' magazines about  
The people in the public eye

Hey Johnny Carson, Richard Burton  
Jackie O and Lady Di  
Larry Hagman, Sally Field  
And Dolly Parton, me oh my

It's all yours at  
Samson and Delilah's beauty shop  
Hey you there baby let your long hair drop  
Samson and Delilah's beauty shop  
Hey there baby let your long hair drop

Samson and Delilah's beauty shop  
Baby let your long hair drop  
Samson and Delilah's beauty shop  
Hey there baby let your long hair

Ah, 1 2 3 4 drop, 'cmon and drop  
Yeah 'cmon and drop  
Drop, drop, drop  
Let it drop, drop
