I want a perfect moment  
I want to go tonight  
I want see the stars shoot out of a pitch black sky  
I want to start a fire  
I wanna burn tonight  
I want a world in motion  
I want to see the signs  
Race through my mind

I want now is a white light moment  
Come with me tonight  
Monochrome city the color's fading  
Watching the world in your eyes

Take me around the planet,  
take me through space and time  
Paint me a perfect picture and  
Make sure you cross the line  
Don't let the colours scare you,  
It's just a state of mind  
We'll stay out of sight

All I want now is a white light moment  
Come with me tonight  
Monochrome city the color's fading  
Watching the world in your eyes

I want a perfect moment  
I want to go tonight  
I want see the stars shoot out of a pitch black sky  
I want a world in motion  
I want to see the signs  
Race through my mind

All I want now is a white light moment  
Come with me tonight

Monochrome city the color's fading  
Watching the world in your eyes
