I remember the days  
we use to go out  
but now your gone  
I realize from the start  
that I should  
love you.....

Every time I see  
a wonderful couples  
I just close my eyes  
and I see, that you  
were here beside me

But now.....

I should say I love you  
I wish I can  
go to the past  
say I love you  
and say don't go away....  
it's not simple to live  
without you

I remember when the day  
you use to share your problems  
and I love when you  
cheer me up  
by making a funny faces  
but now.....

I should say I love you  
I wish I can  
go to the past and  
say I love you  
say, don't go away....  
it's not simple to live  
without you

I wish I wish  
that I can go  
back to the past

and say I love  
but I know it's  
too late, your gone beside

But I never give up  
and say I wish I wish  
I can go back to the past and say  
I love you, I love you  
I love you, I love you  
I love you...
