How do you feel out there?

Ahh Yeah Ah Ah check this out

1 2 3 in the place to be

as it is plane to see

He is DJ Run and I am DMC

Funky fresh from 1983 DJ Jammaster J

Inside the place with all the bass

He leads us by the trace

And we came here tonight to get on your case

And we are the crush grooving

The body moving directly makin' and directly breakin'

And it goes a little somethin' like this:

It goes a one two three and

Here we go here we go here we go

here we here we here we go

DMC and DJ Run, dum diddi dum didi didi dum dum

We're rockin' on the mic so that you know where we are  
from

Dum didi dum didi didi dum dum

We hope your pray for the big big drum

Drum didi drum didi didi drum drum

So people in the place have a big beater

Here we come here we come here we ?dipi? come  
come

So come on everybody let's all get down

What we have is a brand new sound

So nobody out there be misled

We make a more beat rhymes inside our head

The other MCs can't have a peak

When we rock on the mic to this big beat

The beat is peak it's kind of taw

When we're on the mic very taw

It's like that yo (that yo) it's like that yo (that yo)

It't like that or like that or like that yo (that yo)

Cool chief rapper I don't trick further

You keep a bag of sugar inside my live (HA!)

You let us cool everything (HA!)

when it's time for the peng (HA!) (HA!)

Because I'm rockin' on the mic until the break of day

And all the things I do make me a star

And you can be too if know who you are

So put your mind tuned to go real far

And next thing is to know what happens so far

Liggy liggy liggy liggy liggy liggy liggy

Listen to the beat NO I say

because it's not routine in the way I play (Ahh yah?)

sittin in my house all time of the day and then I

move the time Jammaster J  
Hey they used to call me easy D  
because I rock on the mic so easily  
But now they call me DMC  
The DMC of the party  
The D's for duty all of the time  
M is for the rhymes that are all mine  
C's for cool cool as can be  
-and why you wear the classes? -  
so I can see  
rhymes so deep rhymes rhymes galore  
rhymes that you've never even heard before  
now if you say you hurt my mind we gonna have to  
fight  
cause I've just made the motherfuckers joggle last  
night  
kick off your shoes relax your feet  
party all down to the DJ Run beat  
the beat to get you off to get you outta your seat  
make you boogie to a saavier so that you know what you  
need  
wait a time a minute don't break on me  
the rhymes come faster and the DJ cheats  
the DJ cuts the record for the value below  
while you boogie your ass till it's time to go  
and when it's time to go girl takin' you home  
so straighten your dress up but on the way it's so cold

And I'm the microphone master super rhyme maker  
I get def when as the others get shaky  
It's me DMC in the place to be  
And I still got the same old harmony  
I'm the devastating mic controller  
The word we say and the chief rocks puller  
That beat boy made for the beat girls  
Rock through the rhymes in the turntable turns  
Some brand new was born to turn  
And it could be init rap king Alex Sore  
Rock about the cheats and the games we play  
See DJ come everyday  
We rock round town think hard rhymes  
Get paid real well don't have charge  
We've got big pocket seen  
Can't remand that wanted reward ready is to pay  
We've got all out there, do what they abase  
Place the game with the boy in arrest  
And the game's so light or really for  
He put your hand up to play until the game is done  
So play all to the break of dawn  
As we rock ya all to the early mornin'  
He's Jammaster J the big big blaster  
He gets better cause he knows he has to  
It's 83 and he's a little faster  
And only practise make a real Jammaster

JMJ are the letters of his name

Cuttin' and sratchin' are the aspects of his game

so check out the scratcher as his cuts the jam

they look at us with da mics in da hands

then take a wow 1 2 3 Jammaster J Run DMC
