Wake up] [wake up]

[Get up]

[Wake up] [wake up]

[Get up]

[Wake up]

When I woke up this morning and got out the bed

I had some really fresh thoughts going through my
head

they were thoughts that came from a wonderful dream

it was the vision of a world working as a team

it was a dream [get up]

just a dream [wake up] [wake up] [get up]

There were no guns no what

no tanks no what atomic bombs

and to be frank homeboy there were no arms

just people, working hand in hand

there was a feeling of peace all across the land

it was a dream [wake up]

just a dream [get up], [wake up], [wake up]

Between all countries there were good relations

there finally was a meeting to united nations

and everybody had an occupation

'cause we all worked together to fight starvation

it was a dream [wake up]

just a dream [wake up], [get up]

Everyone was treated on an equal basis

no matter what colors, religions or races

we weren't afraid to show our faces

it was cool to chill in foreign places

it was a dream [get up]

just a dream [wake up], [wake up], [get up]

[wake up], [wake up], [get up], [wake up]

All cities of the world were renovated

and the people all chilled and celebrated

they were all so happy and elated

to live in the world that they created

it was a dream [get up]

just a dream [wake up], [wake up], [get up]

There were no street people, we live rent free

and every single person had a place to be

a job, a home and the perfect pay

and the world was free of greed and hate

it was a dream [wake up]

just a dream [get up], [wake up], [wake up]

Unemployment was at a record low

and the presidents were chillin at our show

listening to the things that we had to say

and trying to create a new and brighter day

it was a dream [wake up]

just a dream [wake up]

it was a dream [get up]

just a dream [wake up]

it was a dream [wake up]

just a dream [get up]

it was dream [wake up]

just a dream [wake up]

[get up], [wake up], [wake up]

[get up], [wake up], [wake up]

[get up], [wake up], [wake up]

[get up], [wake up], [wake up]
