Rain on my window
Blurring my vision of another day
Can't get a thing going right
It don't count or matter anyway

When I lost you, I was acting like a fool
And when I'd got you
I was making it like I'm cool
It's true

Love has flooded my heart and there's
Rain in Venice for the first time
Love has flooded my heart and there's
Rain in Venice for the first time

Brushing my hair down
Belting my raincoat against another storm
I'm gonna tear down your photograph
And the memories I've been hiding from

I'll keep walking
I'll keep running away from the truth
People keep talking
They're spreading rumors about my news
They're fools

Love has flooded my heart and there's
Rain in Venice for the first time
Love has flooded my heart and there's
Rain in Venice for the first time

I'm moving in shadow
Just another episode of boy loses girl
But that's a cold-hearted epitaph
Of a story I refuse to tell

I'll keep trying
I'll keep on sending you private signs
I'll keep trying
I'll keep on giving you, giving you
Giving all my news to you

Love has flooded my heart and there's
Rain in Venice for the first time
Love has flooded my heart and there's
Rain in Venice for the first time
