Heaven is calling to me
I gotta run now the feeling is right
A fireball is rising inside me
It's something I didn't anticipate
Something is happening to me
That I don't fully understand
This engine's a harley on kerosene
This is the hardest I've ever been
The message of love and the power of light

I'm alive, all right
Im just a victim of love
I'm alive all right
Wanna be your victim of love
I'm alive, I'm alive

Heaven is calling to me
I gotta run now the feeling is right
Dictating my lines and carresing me
Holding me heartbeat in it's light
Something is happening to me
That I don't fully understand
I'm out on the ocean of ecstasy
Sailing with venus here next to me
You're holding my future in your hand

I'm alive, all right
Im just a victim of love
I'm alive all right
Wanna be your victim of love
I'm alive, I'm alive

Gonna be taking you with me
Gonna be there for you when you call
Gonna perform with you watching me
Just open your door, I'm a rock and key
Take my hand, take my heart, take my mouth
Take it all

I'm alive, all right
Im just a victim of love
I'm alive all right

Wanna be your victim of love
I'm alive, I'm alive
